OVERVIEW

Driven by curiosity and a hands-on approach, I am pursuing a Bachelor's degree in technology focusing on computer science. My experience spans full-stack development, research internships, and design, with proficiency in Python, JavaScript, and web technologies. I thrive on solving real-world problems creatively and collaboratively.

EDUCATION

Jaypee University of Engineering and Technology, Guna, MP

B.Tech in Computer Science

CGPA: 5.0

07/2022 – 05/2026

Kendriya Vidyalaya No. 1, Vizag, AP

PCM + CS

Percentage: 85.8%

06/2019 – 05/2021

PROJECTS

Role-Based Business Dashboard (React, Node.js, MongoDB)

Full-stack dashboard managing quotations, invoices, units, schedules, and users with JWT-based role access.

- Frontend: React + TypeScript + Tailwind (Vite); Backend: Node.js, Express, MongoDB/Mongoose.
- Secure JWT authentication with admin/employee roles; dynamic sidebar and protected routes.
- Features: CRUD units, interactive tables with auto-calculated totals, to-dos, user profiles.
- Ensured responsive design with dark mode; resolved token and data sync issues.

pta-bot WhatsApp Automation (Node.js, Python)

Bot captures WhatsApp group messages, parses structured data, and saves to Excel for tracking.

- Uses open-wa to watch groups; Node.js calls Python parser (pandas) to save parsed data.
- Handles partial/missing data; supports multiple groups.
- Designed for extensions: report scheduling, admin-only groups, web dashboard, cloud storage.

INTERNSHIP

Aryabhata Research Institute of Observational Sciences, Nainital, UK

06/2024 – 07/2024

Instrumentation and Software Development in High Energy Pulse LiDAR; integrated hardware and software tools for atmospheric research.

TECHNICAL SKILLS

Languages:

Python, JavaScript, TypeScript, SQL, XML

Frameworks/Tools:

ReactJS, Node.js, Express, MongoDB, Mongoose, Tailwind CSS, JWT, Git

Developer Tools:

VS Code, Anaconda

RELEVANT COURSES

Data Structures & Algorithms · Operating Systems · DBMS · Machine Learning

Artificial Intelligence · Full Stack Web Development

EXTRACURRICULAR

JUET Youth Club — Graphic Designer

12/2022 – 03/2025

Video editing, posters, and banners.

CERTIFICATIONS

- Data Structures (Intermediate) – Infosys Springboard
- Python for Machine Learning (Intermediate) – Infosys Springboard
